CHAMAN RASTOGI

Senior PHP / Laravel Backend Developer

chamanrastogi@gmail.com | +91 8077007756 | Noida, Uttar Pradesh, India

PROFESSIONAL SUMMARY

Senior PHP / Laravel Backend Developer with 11+ years of experience architecting and delivering 50+ enterprise web applications for international clients across SaaS, E-Commerce, CRM, Healthcare, Real Estate, and Education. Deep expertise in Laravel, PHP, CakePHP, MySQL, MongoDB, and Redis, with a proven record of designing scalable backend architecture, optimizing large database queries, and building high-performance reporting dashboards. Skilled in Redis caching, Laravel queues and background jobs, cron automation, and third-party API integration to keep systems fast, reliable, and business-critical. Hands-on across the full delivery lifecycle - database design, REST API architecture, production support, and legacy modernization.

TECHNICAL SKILLS

Backend: PHP 8/7, Laravel, CakePHP, CodeIgniter, Core PHP, REST APIs, Laravel Queues & Jobs

Databases: MySQL, MongoDB, Redis, Database Design, Query Optimization, Performance Tuning

Frontend: JavaScript, jQuery, AJAX, HTML5, CSS3, Bootstrap, React, Angular

APIs & Architecture: REST API Design, Third-Party API Integration, Authentication & Authorization, Backend Architecture

Performance & Infrastructure: Caching, Queue Jobs, Cron Jobs, Database Optimization, Linux, Apache, Nginx, Docker

Development Tools: Git & GitHub, Composer, Postman

Methodologies: Agile/Scrum, Code Review, Technical Documentation, Team Leadership, Client Management

PROFESSIONAL EXPERIENCE

Senior PHP Developer | Masthead Technologies Pvt. Ltd.
Aug 2024 - Present

- Architect and develop enterprise web applications and secure RESTful APIs using Laravel, Core PHP, MySQL, and MongoDB, supporting business-critical workflows for international clients.
- Optimize large MySQL databases, improving query performance by 40%+ through indexing, query restructuring, and schema tuning.
- Design and build data-rich enterprise reporting dashboards with real-time analytics and data visualization for business decision-making.
- Implement Laravel queue workers and cron jobs for scheduled tasks and asynchronous processing, moving heavy workloads out of the request cycle.
- Integrate third-party APIs (payment gateways, SMS, email, cloud storage) to automate business workflows and reduce manual effort.
- Modernize legacy codebases using SOLID principles and MVC architecture, improving maintainability, security, and deployment.

Senior Web Developer | HSI Corporate Services Pvt. Ltd. (SEO Out The Box)
Mar 2023 - Jun 2024

- Developed custom Laravel applications and REST APIs for CRM and client management systems.
- Improved website performance to Lighthouse scores of 90+ through caching, minification, asset optimization, and CDN configuration.
- Built and maintained WordPress sites with custom themes, plugins, and WooCommerce integrations.
- Collaborated directly with international clients to gather requirements and deliver iterative solutions on schedule.

Software Developer | Connecting Dots Infotech
Nov 2021 - Nov 2022

- Developed full-stack web applications using PHP, JavaScript, Bootstrap, and Angular, delivering features end-to-end from database to UI.
- Designed and implemented REST APIs consumed by frontend components and external clients.
- Managed WordPress deployments, custom post types, and advanced custom fields.

Full Stack Developer | The Catalyst Group
Sep 2020 - Sep 2021

- Developed a Learning Management System (LMS) with course management, quizzes, and progress tracking.
- Built e-commerce solutions on Shopify with custom payment gateway integrations.
- Created secure backend APIs supporting mobile and web frontends.

Senior PHP Developer | Magicbyte Solutions
Feb 2020 - Jul 2020
- Developed and maintained PHP/MySQL web applications for international clients.
- Implemented responsive UI components and integrated third-party APIs.

Senior PHP Developer | Adit24x7
Dec 2014 - Dec 2019
- Architected and maintained enterprise PHP applications serving thousands of users, designing scalable backend architecture.
- Led database migrations, performance tuning, and security hardening initiatives across production systems.
- Mentored junior developers and established coding standards and best practices for the team.

PHP Developer | 3D Web (3d Webers Technologies)
Aug 2012 - Feb 2013
- Developed dynamic websites and content management systems using Core PHP and MySQL.
- Built responsive frontend interfaces with HTML, CSS, JavaScript, jQuery, and Bootstrap.

EDUCATION

M.Sc. (Information Technology) | Punjab Technical University | 2008 - 2010

PHP Certification | NIIT | 2011
